

Bicycle Education and Enforcement Program

Transportation & Parking Services, UC Davis

Welcome to the Online Bicycle Education Program

Transportation and Parking Services (TAPS) and the Police Department have partnered in the development of this online training course for the safe operation of bicycles at the UC Davis campus. Here you will learn about the traffic rules and regulations that apply to bicycle riders, and how to be a safe bicycle rider at UC Davis. The course will take approximately **45 minutes** to complete.

If you have received a bicycle citation from the UC Davis Police Department, and the citation indicates that you may take this course for a fee, in lieu of paying the full citation amount, then you will be prompted for the citation number as part of the course. After the course is over, you must follow the instructions for paying the course fee. Unless the course is completed **and** paid for within 14 days of issue, the citation will be sent to the Yolo County Superior Court, and you will be required to attend your court hearing (or pay the full citation amount).
